Out with the old and in with the new! This week, Grandpa Tong will celebrate Chinese New Year in his safe, comfortable and renewed home, thanks to the dedication of the Habitat Hong Kong team and your continued support. Since 2014, we have renovated hundreds of homes for Hong Kong families in time for New Year festivities, and we could not have come this far without the consistent support of our Hope Builders. Hope Builders are members of the Habitat family that give every single month to support our vision of a world where everyone has a decent place to live. We ask that if you haven't already signed up as a monthly donors, we do so now. And if you are already a HopeBuilder, please tell your friends and family why giving every month is important. We need your monthly support to continue our impactful programmes, ensure sustainability and continue to build hope in communities.
